Facts and Figures

- Extreme poverty is currently defined as living on less than \$2.15 per person per day at 2017 purchasing power parity (PPP).
- As per the most recent estimates, the COVID-19 pandemic has reversed three decades of steady progress in poverty eradication with the number of people in extreme poverty growing.
- In 2020, the number of people living in extreme poverty rose to 724 million, surpassing the pre-pandemic projection of 90 million.
- Poverty eradication had already started slowing down globally since 2015 with the average annual reduction rate reaching 0.54 percentage points between 2015 and 2019 vs 1.28 percentage-point rate observed between 2000 and 2014.
- 41% of low-income countries experienced a higher poverty rate in 2021 vs 2020.
- The recovery from the pandemic has been slow and uneven, uneven, with extreme poverty rate reducing from 9.3% in 2020 to 8.8% in 2021 to 8.4% in 2022.

Facts and Figures

- If current trends continue, only one third of countries will halve national poverty by 2030.
- As per 2022 data, it is estimated that 333 million children are living in extreme poverty.
- By 2020, only 47% of the global population was effectively covered by at least one social protection cash benefit, slightly improved from 45% in 2015.
- Only 26% of children under 15 received a social protection benefit are effectively covered.

TAL Transformers™
NURTURING SOCIAL INNOVATION MINDSET

1.1 By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than \$1.25 a day

1.2 By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions

1.3 Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable

1.4 By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance

1.5 By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters

1.A Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions

1.B Create sound policy frameworks at the national, regional and international levels, based on pro-poor and gender-sensitive development strategies, to support accelerated investment in poverty eradication actions
